Good afternoon Ladies,

I just wanted to take a moment and thank you both for working to collaborate the event today. It went well beyond my expectations. Initially, I was concerned because the event was virtual, and the social aspect of performance and entertainment feeds off the energy of people as they share in the experience together. But it could not have turned out any better. Dr Menon, you are an exceptional dancer, excellent teacher, and cultural and historical almanac in human form 😊. Thank you for sharing your life-long passion with us. You not only entertained us, you taught us a great deal as well.

Bharti, thank you for making it all possible. After so many emails, the final result was exactly what we wanted. I think I can speak for the committee when I say, we look forward to collaborating much more in the future.

Take good care and I look forward to working together again soon.

Kimberly,
